

# BOLD MOVES

## A 6 Month Coaching Journey for Females Leaders

Launching January 2021

Reality-Resistance-Reformation-Resurgence-Reset-Rennaisance

Are you committed to finding new pathways forward - personally and professionally?

There are new pathways opening up to us in this unprecedented season of change. You can sense the innovation and the expectation. However you can also sense the exhaustion, the trauma and the fear.

Do I have what it takes to keep going? Where do I find the time to process the change and, at the same time, plan for the future?

These are questions we are all asking ourselves as women in leadership, juggling varied roles and responsibilities. We believe the only way to navigate this season and move forward in 2021 is TOGETHER, investing time and finance into YOU! You are worth it!

You have endured so much this year, and have done this not knowing who else really understands what you are carrying. We believe that your best yes can be formulated amongst a like-minded group of women who are resilient enough to keep leading through these turbulent times.

Investing in this Coaching Experience will give you:  
Care + Community in a Cohort of like-minded leaders  
Clarity + Confidence to make bold moves forward  
Your soul, your voice, and your vision that God has entrusted you to  
steward  
is worth this investment.

# BOLD MOVES

- Do you need a clear plan to confidently navigate this uncharted territory?
- Do you need a safe, nurturing and robust environment that will help you process some of the trauma you are experiencing in this season, even as a leader?
- Do you face challenges that attack the core of your womanhood and leave you second guessing the gift of your feminine strength as a leader?
- Do you desire to continue growing in influence and effectiveness even when all the circumstances want to keep you in survival mode?
- Do you desire a community of like-minded women in similar roles to connect with?
- Do you desire practical strategy that will move you forward in your personal and professional life and leadership?

Launching January 2021
